

INDEX

- ABDOMINAL diseases, blood examinations in, 1124
- Abrams, Albert, cardiopneumosis, 337
- Abscess, extradural and mastoid disease, 865
- gangrenous peri-urethral, 1099
- peri-urethral, an unusual case of, 90
- subdiaphragmatic, of the liver, 167
- suburethral, 791
- Absorption of iron, the intestinal, 267
- Acanthosis nigricans, 938
- Acetozone in amebic dysentery, 305
- Acne rosacea, 1036
- Acocine and cocaine for local anesthesia, 603
- Acromegaly, chemical pathology of, 120
- Acting assistant surgeon of the army of the United States, the (Ed.), 704
- Adams-Stokes disease, 886
- Addison's disease, 885
- disease, results of organotherapy in, 1172
- Adenoids, in relation to audition and cerebration, 298
- nasopharyngeal, 858
- sequela of, 280
- Adenopathy, axillary, and incipient tuberculosis, 75
- Adhesions, peritoneal, 610
- treatment of, 1149
- Adnexa, conservative surgery on the, 365
- Adrenalin for anesthesia, 936
- glycosuria, the nature of, 605
- in cancer, 166
- on muscular contraction, influence of, 505
- the action of, 268
- Agglutination of streptococci, 1033
- of the bacillus subtilis, 120
- Aid sick children, to, 901
- Aiken, J. M., mental therapeutics in medicine, 494
- Air and respiration, compressed, 266
- dry, superheated, in the treatment of septic infection, 63
- hunger, in chorea, 523
- Alba dentists, further action against the, 466
- Albany experiences, 807
- Albumin and casts, the significance of, in surgical patients, 498
- Albuminuria, 230
- and glycosuria, 231
- chronic nephritis without, 548
- conditions of functional, 230
- cyclical, 813, 885
- dyspeptic, 886
- in the apparently healthy, 280
- massage of the prostate and, 121
- orthotic, 1087
- Albuminuric retinitis, 1140
- Alcohol and opium inebriety, lectures on, 1186
- compresses, 610
- in disease, 145
- in medicine, the real place of (Ed.), 946
- in depopulating Normandy, 951
- on proteid metabolism, the influence of, 170
- value of, in infections, 34
- Alcoholic liquors, influence of, on digestion, 80
- Alcoholism, acute, 853
- and morphinism, 852
- and neuroses, oxygen for, 816
- correlation of, crime and insanity, 117
- in Belgium, 87
- in women, 158
- Alexis in recurrent fever, the, 1031
- origin and characters of the, 890
- origin of the, 1128
- Alkalinity of the blood, 745
- Alkaptonuria, 989, 1088, 1149
- Allechin, Prof., clinic at Roosevelt hospital, 1132
- Allegheny City, will not be quarantined, 899
- faces quarantine, 846
- Allport, appointment of Dr. Frank, 127
- Altitude treatment, who may benefit by, 981
- Alvarenga prize of the College of Physicians of Philadelphia, 847
- Ambulance work and nursing, 288
- American Academy of Railway Surgeons, 709
- Association of Obstetricians and Gynecologists, 372, 561, 661, 668, 714
- Congress of Tuberculosis (Clark Bell) and Dr. Adami, 617
- Electro-Medical Society, 950
- Proctologic Society, 237
- Public Health Association, meeting of the, 903
- Roentgen Ray Society, 1188
- Society of Clinical Surgery, 899
- Amitotic cell division, 1181
- Ammonia in the urine, excretion of, 986
- Amnesia, postclamptic, 701
- Amputation for sarcoma of the scapula, 1054
- Anal fissure or hemorrhoids, electricity for, 656
- Anastomosis, intestinal, by the elastic ligature, 1124
- portal, anatomy of, 361
- Anastomotic circulation of the heart, 358
- Anemia, pernicious, 839
- the irritability of the brain during, 33
- Anesthesia, adrenalin for, 935
- by interrupting conductivity of nerves, 763
- cocaine, 286
- general, 284
- general, with chloride of ethyl, 306
- hypnotic, 286
- local, 287
- local, cocaine and cocaine for, 603
- local, improvement in the method of, 790
- narcosis, alcohol unjustifiable in the treatment of, 186
- obstetrical, 693
- spinal, 284
- Anesthetic for children, selection of, 1124
- Anesthetics, 284
- Anesthetist, the position of the, 287
- Aneurism and arteriosclerosis, observations on, 1134
- of left subclavian produced by fracture of clavicle, 936
- of the hepatic artery treated by ligation, 1126
- of the left subclavian artery, treated by wiring, 664
- treated by Matas' method, 1029
- treatment of (Ed.), 311
- Angina, thyroiditis as a complication of, 1087
- Angioma, cure of, without operation, 461
- Angiomata, congenital multiple, 1049
- Animal extracts, the effects of, 654
- Anthraxol, a new tar preparation, 122
- Anthrax, treatment of, with intravenous injections of collargol, 220
- with oxygen, treatment of, 900
- Anthropological Society of Washington, 130
- Anti-drug movement, 1229
- Antimony in lung affections, 941
- Antipyretics, 809
- Antiseptic wound dressings, 1125
- Antistreptococcus serum, 462
- Antitoxin and the State, 905
- and its value, 905
- in medicine case, 905
- in large doses of, 905
- sale of, by health board, 38
- tuberculous, per os, 169
- Antitoxins and toxins, 856
- Antituberculosis congress, first French, 316
- league, the Montreal, 128
- Antituberculous serum, the new (Ed.), 1184
- Antityphoid inoculation, protection secured by, 934
- Aortic insufficiency, albuminuria in, 610
- Aphasia after scarlet fever, 894
- Apocodeine, the action of, 1223
- Appendages, conservative surgery of the, 119
- Appendectomy, new method of, 306
- Appendectomy, the best method of dealing with the stump in, 1020, 1233
- Appendicitis, a help in the diagnosis of (Ed.), 657, 1234
- and pyosalpinx, 1232
- and salpingitis, the difference between the management of the, 714
- 714
- diagnostic and surgical features in, 1232
- fee for, 799
- gangrenous, 1232
- hyperesthesia in, 1124
- leucocyte count in, 1148
- one year's work in, 714
- question of early operation in, 1179
- some peculiarities of temperature in, 1177
- suppurative, 714
- the epidemic nature of, 506
- timely operation in primary, 784
- toilet of the peritoneum in, 602
- true, 1234
- with severe complications, 1033
- Appendicular toxic nephritis, 1177
- Appendix, a new incision for resection of the, 410
- removal of normal, 1233
- Aristol and packing, 806
- Aronson, Edward A., esophagoscopy, 404
- Arsenic in eggs, the presence of, 460
- in food ruled against by London commission, 1136
- large doses of, in the treatment of Sydenham's chorea, 1038
- Arteries in bone, distribution of, 761
- chronic villous, 1021
- Arteriosclerosis as a cause of nervous disease, 304
- of the optic nerve, 856
- Arthritis and osteo-arthritis, the blood in rheumatoid, 652
- chronic villous, 913, 973
- Artificial anus, complications of, 602
- substitute for blood, 762
- Ascaris lumbricoides, laryngeal ascaris and pseudomeningitis from, 75
- Ascites, cause of milky, 1088
- due to cirrhosis of the liver, surgical treatment of, 667
- of malarial origin, splenectomy and Talm's operation in, 167
- Asepsis at the soda fountain, 514
- in wound treatment, results of, 762
- Ash-cart nuisance, the, 1142
- Ashes, disposal of, 1143
- Asphyxia, the coagulability of the blood of, 411
- the functional changes of mammalian muscle in, 267
- Association of Health Officers of Ontario, 756
- Asthmatic attacks, on the hypodermatic use of adrenalin chloride in the treatment of, 787
- Astigmatism, hypermetropic, 135
- Astruc, Jean, a forgotten medical worthy (Ed.), 1000
- gastro-intestinal, Vassale's paragastrin in, 122
- of the rectum and anal sphincters, 238
- vesical, suprarenal opotherapy in, 702
- Atoxyl, value of, 656
- Atresia of the vagina, congenital absence of the uterus and, 265
- Atropine and hyoscamine, 1223
- Atrophy, calcareous osseous, following traumatism, 166
- Audition and cerebration, adenoids in relation to, 208
- Aura, careful study of the, 135
- Auscultatory findings, some rare, 1123
- Authorities, local supervising, 380
- BABY directory to cover entire city, 225
- Bacilli, pseudo-tuberculous, 358
- tubercle, diminishing the virulence of, 1033
- Bacillus dysenteriae, 1102
- of typhoid in the blood, 34
- of war, the, 116
- subtilis, agglutination of the, 120

- Bacteria as sewage purifiers, 615
in dissolving nucleins, the effect of, 749
in the abdominal cavity, 618
Bacterial diagnosis and its shortcomings, 619
products, explosive, 228
Bacteriological work by busy country doctors, some points on appliances for, 664
Bacteriologist, examination for assistant, 661
Bacteriology and immunity, 320
Bacteriuria, occurrence of, 984
Baker, Smith, uses and limits of non-physical therapy, 495
Baker, W. T., nourishment, medication, hydrotherapy, and general management of typhoid fever cases, 586
Ballenger, appointment of Dr. Wm. L., 127
Ball Park accident, results of the, 369, 418
Banti's disease, splenectomy for, 1178
Barber regulations, 369
Barnes, Noble P., recent advances in the therapeutics of pediatrics, 696
Bath, a new carbonated, 1149

Bellamy, Russell, notes on the selection of a climate for the treatment of tuberculosis, 54
Bellevue and summer school of philanthropy, 225
Bellevue's new dispensary, 995
Belt, the abdominal, 78
Bequests, educational, 176
Bergey, D. H., neglected prophylactic measures against diseases of the respiratory tract, 438
Berkeley, William N., case of *Bothrioccephalus latius* in a woman immigrant, 203
"Berries and Cream" (Ed.), 84
Bicêtre Hospital of Paris, the, 957
Biehn, Dr., appointment of, 1135
Bile in the urine, a new test for, 1086
on the heart, action of, 1031
Bilharzia disease, 1032
Biliary passages, irrigation of, 1030
Billings, Dr., illness of, 800
Biochemistry of pregnancy, 802
Biology and medicine, experimental (Ed.), 993
Bitters in digestion, the importance of, 904
Blackmail, a new possibility for, 272
Blackwell, Lewis S., later impressions of the "non-heredity of acquired characters," 500
Bladder center in the cortex, 989
foreign bodies in the male, 1179
intra-abdominal rupture of the urinary, 1181
new canula for, 862
urinary, extirpation of the, 385
Blastomycosis, case of, 949
Blepharitis marginalis, 122
Blood, alkalinity of the, 746
artificial substitute for, 762
at different ages, behavior of, 1033
examinations in abdominal diseases, 1124
infectious materials on the, the effect of small amounts of, 34
letting on metabolism, effects of, 958
observations on the, 260
plates, differentiation of, by staining, 749
pressure, low, 759
pressure, the clinical value of, 348
-proteids in a case of alkapturia, the composition of the, 980
serum, human, the bactericidal action of, 89
serum, previous theories as to, 836
stains, the medicolegal tests of, 34
sugar and liver excision, 747
the influence of formaldehyde on the, 81
vessels, effect of suprarenal capsule on, 362
vessels, the action of camphor on, 81
Blumer, George, and Hermon C. Gordnier, a case of chronic lymphatic leucemia without enlargement of the lymph nodes, 833
Board of Health, change in the, 86
clinic, 225
State, 176
Body-weight, increasing and diminishing, 304
Bone changes in the fetus, 1135
metastases from the blood, diagnosis of, 987
Books received, 144, 192, 240, 624, 672, 768, 816, 912, 960, 1056, 1104, 1152
Bothrioccephalus latius, a case of, 203, 517
Bottini operation, personal results obtained by the, 187
Bradycardia, convulsive attacks produced by, 136
Brain abscess, specimen of, 138
loss, extensive, without impairment of intellectual faculties, 1182
Breasts and genitalia, the, 265
Breech presentations, management of, 337
